COLOR-CHANGE

- Use ice water, approximately 32°F (0°C) for best cold color change result.
- Warm color change will start at approximately 100.4°F (38°C), but best results occur if the water is approximately 104°F (40°C).
- Only certain dolls change color.
- Only certain dolls will change color in warm and cold water.
- Color change will only work on certain parts of the doll's body or accessories.
- **Punch bowl:** Fill each bowl halfway to see cold color change feature.
- Not all included accessories change color.
- If color change does not work properly or quickly, the temperature of the doll's body may be too close to the temperature of the water.
- Color change temperatures may vary according to weather conditions.
- The color-change effect of the doll's body has a lengthy, but limited lifespan.
- Extreme weather conditions may cause the color change pattern reveal upon arrival, place the doll back into room temperature 68–77 °F (20–25 °C) for the original color.

***▲ WARNING**
An adult must be present and supervise when placing the doll in warm water, as the water may be hot.

IMPORTANT INFORMATION

- Before beginning, cover the play area to protect from possible water damage.
- Your doll will either cry, spit, pee or change color in warm or cold water.
- For best results, fill the bottle and feed the doll two times.
- Do not place the doll in extremely hot water.
- Do not feed the doll extremely hot water.
- An adult must be present when children are playing with water.
- Do not store the doll in direct sunlight for extended periods of time.
- Exposure to sunlight may deactivate color change feature.
- Squeeze out all water from the bottle and the doll after each use.
- Thoroughly drain the doll on a dry towel in a well-ventilated area after use and before storing.
- Air dry only. Do not place in the dryer or subject to excessive heat.
- Only one doll is included. Multiple shown for demonstration only.
- Photo booth: Place cell phone in the center of the ring light with the handle of the phone pointing up. Once properly adjusted, cell phone will stay in place with out having to hold it in place.
- Insert the tiara into the openings on the doll's housing to be used as a handle. The tiara can also be removed from the doll's housing and used as an actual tiara. Always use gentle force when removing from the housing.
- When not in use, tiara can be stored inside doll housing.
- **Doll's tiara:** Gently squeeze doll's head to place bottom end of tiara into insert.
- Doll will sit in throne only if the seat of the throne is pulled out.
- **When displaying doll inside the ball, place doll on throne in sitting position.**
- Pull out string, located on top of the doll's housing to hang for display.
