

IMPORTANT INFORMATION

- Before beginning, cover the play area to protect from possible water damage.
- Do not place the doll in extremely hot water (over 109.4°F/43°C).
- Do not feed the doll extremely hot water.
- An adult must be present when children are playing with water.
- Do not store the dolls in direct sunlight for extended periods of time.
- Exposure to sunlight may deactivate color change feature.
- Squeeze out all water from the doll after each use.
- Thoroughly drain the doll on a dry towel in a well-ventilated area after use and before storing.
- Air dry the doll only. Do not place in the dryer or subject to excessive heat.
- **Do not submerge the hair in water to avoid damaging it. When inserting the doll in water, cover the hair or only submerge the body.**
- Do not wash hair with soap and water or subject it to very high heat in any manner, as it will irreparably damage the hair.
- If hair gets wet, use a dry towel to dry off and allow it to air dry.

USING THE HAIR ACCESSORIES

Comb: Gently brush the doll's hair with the comb.

Ballies: (Only included in some packs.) Wrap the hair ballies around the doll's hair once and then secure it in place by inserting one ball through the loop on the other side.

Hair Bow: (Only included in some packs.) Grab a strand of the doll's hair and wrap the hair bow around it.

Hair Clip: Open the clips and place a strand of the doll's hair in between. Then close the clip to secure the hair in place.

Scrunchie: Grab a strand of the doll's hair and wrap the scrunchie around it.

COLOR -CHANGE

- Use ice water, approximately 32°F (0°C) for best cold color change.
- Warm color change will start at approximately 100.4°F (38°C), but best results occur if the water is approximately 104°F (40°C).
- Some dolls change color in cold and warm water! Try both!
- Color change will only work on certain parts of the doll's body or accessories. Not all included accessories change color.
- If color change does not work properly or quickly, the temperature of the doll's body/ball may be too close to the temperature of the water.
- Color change temperatures may vary according to weather conditions.
- The color-change effect of the doll's body has a lengthy, but limited lifespan.
- **Hair does not change color. Avoid submerging in water.**

* ⚠ WARNING

An adult must be present and supervise when placing the doll in warm water, as the water may be hot.
