

## DON'TS

### COLOR-CHANGE

- To see color change, hold the doll in the sunlight for a few minutes.
- Color change will only work on certain parts of the doll's body.
- Not all included fashions or accessories change color.
- The color-change effect of the doll's body has a lengthy, but limited lifespan.
- **Only certain dolls change color.**

### IMPORTANT INFORMATION

- Your doll has a unique feature and it will either kick, sprint, lift its arms, or have a UV color change. Collect them all to see each feature!
- Dolls with movement have limitations. For the body parts that have a spring mechanism, avoid pulling or pushing beyond their intended movement. Always be gentle when dressing the dolls.
- When dressing dolls with moving arms, gently lift the arms a little to add the top.
- For dolls that kick, pull the left leg back at least 90° and release for best results.
- If dolls with moving arms don't work as it should, realign the arms by moving them to their original position.
- **For better performance, adjust the doll's fashion so the arms and legs of doll are free to move.**
- **For dolls with moving arms, hold the doll's legs while playing. Avoid pressing upward or pushing hard on the fashion.**
- Not all L.O.L. SURPRISE!™ fashion tops will fit the dolls with a button on their back.
- Do not store the dolls in direct sunlight for extended periods of time.
