

Paper stock: Woodfree Paper (80 gsm)

Color: Black

Folded size: 40 W x 60 H mm

(Unfold size: 280 W x 120 H mm)

EN Ages 8+
Conforms to ASTM D-4236
Read and follow instructions and safety guidelines before use.

WARNING!

- **ADULT SUPERVISION REQUIRED.**
- **NOT SUITABLE FOR CHILDREN UNDER 8 YEARS.**
- **KEEP YOUNGER CHILDREN UNDER THE SPECIFIED AGE LIMIT AND ANIMALS AWAY FROM THE ACTIVITY AREA.**
- Wash hands thoroughly before and after use.
- Avoid eye contact. If contact occurs, rinse thoroughly with water. If irritation continues, seek medical attention.
- If irritation occurs, discontinue use.

IMPORTANT INFORMATION

Please keep this manual for reference as it contains important information.

- Do not use any items or accessories which have not been supplied with the set or recommended in the instructions for use with this kit.
- In case of injury, always seek medical advice.
- If swallowed: Wash out mouth and drink fresh water. Do not induce vomiting. Seek immediate medical advice.
- Do not eat, drink or smoke in the activity area.
- Children's abilities vary, even within age groups. Supervising adults should use these instructions and exercise discretion as to which activities are suitable and safe for them.
- Once you've mixed your gel, you must make your soles, otherwise it will begin to harden.
- Each set makes one pair of miniature sneakers.
- Adult supervision recommended when using scissors. (Scissors not included.)

BEFORE YOU START!

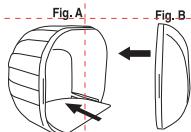

- Contents, including specifications and colors, may vary from photos depicted.
- Cover the play area to prevent damage to surfaces.
- An adult must be present when playing with compound.
- Keep rubbing alcohol or wipes close by to clean up messes and your hands. (Rubbing alcohol or wipes not included.)

AFTER YOU'RE DONE...

- Wash hands thoroughly after playing with gel.
- Allow gel to dry on the mixing cup and spatula for 60 minutes, then peel it off.
- When cleaning tools, use an alcohol wipe. Do not use water. (Alcohol wipes not included.)
- Dispose of foil bags after playing.
- Wipe off play area.

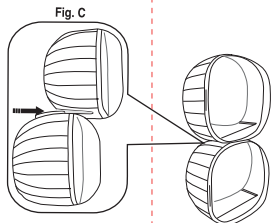

STORAGE & DISPLAY

- Slide the rounded edge of the shelf (Fig. A) into the slots within the ball.
- Secure the clear plastic lid to the front. (Fig. B)

COLLECT THEM ALL!

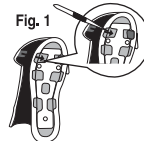

- Slide the display balls together to showcase your creations. (Fig. C)
- One ball is included per pack.

TIPS FOR ASSEMBLING THE SHOES

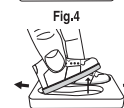

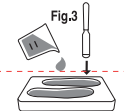

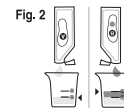

TIPS FOR BUILDING THE SHOES

- **Step 1.** Make two piles: one for "R" items (right shoe) and one for "L" items (left shoe).
- **Steps 2 & 3.** When assembling, align tabs with the corresponding holes on the bottom piece.
- Use a toothpick or tweezers to help push the tab into place. (Tweezers not included.) (Fig.1)
- **Steps 4 & 5.** Press firmly when applying stickers.
- Do not over handle or stretch the stickers when adhering them to the shoes.

TIPS FOR PREPARING THE SOLES

- **Step 6.** Break apart the gel packs.
 - **Steps 7 & 8.** Measure equal parts of gel A and B using the included mixing cup. (Fig. 2)
 - **Step 9.** Mix gel for one minute until fully combined.
 - **Step 10.** There is enough gel to fill both molds with some left over. Make sure to split evenly between the left and right sole. (Fig. 3)
 - To evenly distribute the gel, carefully tilt the mold up and down for better coverage. DO NOT overfill the mold.
 - Once your gel is poured into both sides of the mold, gently tap the mold to help remove any bubbles.
 - **Step 11.** Press the shoes straight down into the gel until it covers the seam between the upper and the sole.
 - Use the spatula or a damp napkin to remove any excess gel. (Napkin not included.)
 - **Steps 12 & 13.** After 1 hour, loosen all sides of the mold and pull the shoes out toes first. (Fig. 4)
 - Trim excess gel from sole edges with scissors after the mold dries. (Scissors not included.)
- Note:** Once finished, the shoe soles may appear a bit oily.

TIPS FOR LACING THE SHOES

- **Step 14.** If needed, use a toothpick to slightly enlarge the holes before lacing the shoes. (Toothpick not included.)

PRO TIP

Did you notice a gap in the soles after demolding? Here's how to fix it:

1. Mix leftover A and B gel for one minute in the mixing cup.
2. Use the spatula or a toothpick to fill in any gaps.
3. Reinsert the sole into the mold, remove excess gel, and let it set for 1 hour.
4. Demold and trim any excess with scissors. (Scissors not included.)
